DEFINING GENDER
A gendered perspective on conduct, domesticity, the family, consumption, education and the body
Overview

Defining Gender provides access to a vast body of original British source material that will enrich the teaching and research experience of those studying history, literature, sociology and education from a gendered perspective.

Thematic Areas

Discover five centuries of primary source material from the mid-15th to early 20th century on the following key topics:

- Conduct and Politeness
- Domesticity and the Family
- Consumption and Leisure
- Education and Sensibility
- The Body

Nature of Material

The study and analysis of gender, leisure and consumer culture is one of the most vibrant areas of social, cultural and intellectual research, transcending the disciplinary boundaries of history, literature, sociology, education and gender studies.

Defining Gender offers a wide range of original, British primary source materials to aid this study.

Materials include:

- Ephemera
- Pamphlets
- Commonplace books
- Diaries
- Periodicals
- Letters
- Ledgers
- Manuscript journals
- Poetry
- Receipt books
- Conduct and advice literature

“By making available a range of rare printed and important and manuscript texts on many aspects of gender, sexuality and culture, the Defining Gender collection is an exciting and, for many, indispensable resource for undergraduate and advanced research into British culture and society.”

Professor Christopher E. Forth, University of Kansas
